A Letter from the President

Hello,

Thank you for choosing to participate in the inaugural *Strike Out Stigma* Bowl-A-Thon to support Active Minds at McPherson College. Your gift gets us one step closer to our goal of training a McPherson College faculty member as an instructor for the international Mental Health First Aid course. This training would greatly impact the McPherson College community by enabling the training of a broad spectrum of faculty members in identifying and intervening in mental health crises. Your help also enables us to continue our awareness campaigns and educational meetings, open to all students and faculty on the McPherson College campus.

Your registration fee gives you a food & beverage voucher, a t-shirt and a \$10 silent auction credit for you to use on the day of the Bowl-A-Thon.

It is my hope that you also take advantage of the pledge program we are offering for this event. This is a great way to rally your friends, family, and coworkers behind you in your personal quest to change the conversation about mental health. It's as simple as having them sign up to donate in a variety of ways, either per point, spare, strike, or all three!

You have my sincerest of gratitudes,

Kayla M. Onstott
